**14 June 2018  
FOR IMMEDIATE RELEASE**

**Great Twins Announces its  
Twelfth Scale Supreme Action Figure (Terminator 2: Judgement Day - T-800)**

*"Come with me if ... you want to collect awesomeness!" ~ Twelfth Scale Supreme Action Figure*

In the first 1984 film, the Terminator designated "T-800" time-travelled from the future back into the past to kill "Sarah Connor". In 1991's sequel, the roles were reversed with a new "T-800" this time sent back in time to protect Sarah Connor's son, "John Connor" (who is the leader of the human resistance in the future), from being killed by the more advanced "T-1000".

Both "T-800" Terminators were played by actor Arnold Schwarzenegger, a fictional character who have since entered the pop culture consciousness.

One of his more iconic spoken lines in the film was **"I'll be back"**, and 27 years later, indeed the T-800 has returned, but this time as a premium articulated collectible figure, ready for "action" in the palm of your hands!

"Twelfth Scale Supreme Action Figure" presents the 1/12th scale collectible action figure of "T-800" from "Terminator 2: Judgement Day"!

The hyper-realistic collectible figure features a head sculpt with a hand painted likeness of actor Arnold Schwarzenegger in his appearance as "T-800", mounted atop a magnetic neck which enables flexible rotation for the head, for optimum poseability.

The Action body features over 25 Points of Articulation, and is clad in his iconic black PU leather jacket and pants ensemble, and not forgetting his (removable) sunglasses, to complete that cool-"Infiltrator-Unit-killer-robot"-look!

An amazing array of accessories include a Mini Gun, Grenade Launcher, Shotgun and Pistol, complete with a removable Grenade Launcher ammo bandolier and Mini Gun black ammo bag provides maximum play, and that the T-800 is ready to do battle at Cyberdyne building to destroy Skynet!

A figure stand with name tag completes the set - ensuring stability on your display shelf, and a pride amongst your collection.

Filmmaker James Cameron is currently preparing to produce the reboot of the Terminator franchise, with the story continuing from T2, targeted for a 2019 release. Expect a renewed interest for the T-800, as actor Arnold Schwarzenegger is returning to reprise his role as the "Terminator" we all love!

Scheduled for a November 2018 release, check in now with Great Twins for wholesale or distribution availability.
